The events room booking system that is used to reserve classrooms and event spaces has been upgraded to a new scheduling tool called 25Live. 25Live is a web-based event publishing and scheduling application that will streamline the process of event scheduling by providing recommended locations based on factors such as attendee count and real time availability. We strongly encourage attendance at the upcoming 25Live trainings as they will help with a smooth transition into the new room booking system.

The next training will be held on **Wednesday, February 7th from 12:15pm-1:15pm in Room 303.**

Description: The New York State Assembly is currently considering Assembly Bill A08155, which would expand New York's right of publicity by making it a property right that can be passed onto a namesake's heirs. Critics of the Bill say it will chill speech by limiting the use of a namesake's name or likeness even after their death. We will be inviting practitioners and academics to the event to discuss the pros, cons, and potential alterations to the Bill.
