FACULTY

[Cardozo Leads Push for Training in Blockchain and the Law; Professor Wright to Testify in Front of U.S. House Science Committee](#)

In front of the U.S. House Science Committee, Professor Wright will provide testimony on blockchain technology on February 14.

Cardozo is one of the few schools in the country providing students with coursework and practical training focused on blockchain technology, according to the *New York Law Journal*. The school's Blockchain Project is led by Professor Aaron Wright.

Attorneys who intentionally misadvise clients or fail to advise disclosure that a token is a security to investors could be fined or worse, according to an article in *Bloomberg's Big Law Business*. Professor Wright thinks these lawyers may be at risk of malpractice. "I can't imagine this will end pretty for our sector."

[Professor Rosenfeld Interviewed on Belgian National Radio About Nunez Memo](#)

Professor Michel Rosenfeld was interviewed on **Belgian National Radio** on Monday, February 5 about the Nunez memo, its implications for the Mueller investigation, and what it may portend for President Trump.

CAMPUS NEWS

[Cardozo Law Launches Data and Privacy Law Master's Degree](#)

One of the first programs of its type in the world, the 30-credit, fully online program teaches non-lawyers the skills and best practices they need to navigate legal requirements around data collection, production, storage, and transfer.
