Please join us for 25LIVE User Training

Monday, December 4th at 12:30pm in Room 304

We are currently in the process of upgrading our existing R25 management system used to reserve classrooms and event spaces to a new scheduling tool called 25Live. 25Live is a web-based event publishing and scheduling application that will streamline the process of event scheduling by providing recommended locations based on factors such as attendee count and real time availability. Users will also be able to create customizable search preferences based on their starred favorites. Please note: this new tool will fully replace the existing R25 Room Reservation form by December 31st.

We encourage attendance to trainings as this will be the new room reservation system in place. Seating is limited, but there will additional trainings and tutorials offered next semester.

Today at Cardozo – Friday, December 1, 2017
