INTERSECTIONALITY IN INTERNATIONAL CRIMINAL LAW

The *Cardozo International & Comparative Law Review* is pleased to host a virtual symposium on intersectionality and how international criminal law can account for structural drivers of violence. Through critically questioning discriminatory systems and applications of law, this symposium will analyze how the Rome Statute governs international criminal law, as exemplified by the International Criminal Court's rulings on enslavement.

CLE Credit: *This online event is approved for 0.5 transitional/non-transitional New York State CLE credits in the category "Areas of Professional Practice" and 1.0 credit in the category "Diversity, Inclusion and Elimination of Bias."
