Thirty years ago, restorative justice ideas were merely utopian re-imaginings of what our criminal justice system could be. Today, the notion that transgressive behavior should be viewed as a problem to be solved, rather than simply an act to be punished, has gained traction in courts, government tribunals and attorney offices.

Please join us as we explore with restorative justice scholars and court innovators the promise and pitfalls of restorative justice as it is being implemented in a wide variety of settings.

Benjamin N. Cardozo School of Law, 55 Fifth Avenue, New York, NY 10003
